CANOPIES / TENTS / FRAME TENTS

The difference between what we call a tent or a canopy is one of size only. Canopies are smaller and lighter construction. Ours range in size from 15'x15' to 20'x40'. Tents are larger and heavier. Ours range in size from 30'x30' to 40'x140'. Both are tops only though we do rent sidewalls if you need them

Tents and canopies have center poles, side poles, and are staked in for support. The tent stakes need to be 4' to 5' out from the tent. Tents/canopies need to be set up on level ground with enough clear space to lay out the tent top and drive in the stakes.

In the event you need to cover a deck, patio, compacted,

or paved area we also rent frame tents. A frame tent has a ridged framework that supports itself without center poles. They can be secured in place with stakes or water barrels or tied off to an existing structure (if stable enough). Sizes range from 9'x10' to 30'x40'. Again, we need enough room to lay out the parts before assembly.

Set up is included in the price but a delivery charge may be added depending on the size of your order and how far out you live. Also, if you have a paved area but still want a tent or canopy rather than a frame tent there may be an extra charge for drilling the stake holes.

PLEASE NOTE! If you decorate our tents do not use staples or tape! Nothing is to be attached directly to the tent top! All decorations must be removed from our tents before we come to pick up.

GENERAL NOTES

Place your full order at least 2 to 3 months in advance and have your final numbers 2 weeks before your event. We can't always accommodate increases or large changes in the week before an event.

Tent Rentals:

We require a 50% deposit 2 to 3 weeks in advance and full payment before delivery.

Please let us know if you're not sure the tent you need will fit where you need it. We will arrange to come out and measure the site for you if necessary.

When we deliver your order we would like to be able to drive out to where the tent goes. Let us know in advance if this will be a problem.

We do not set up tables and chairs and we require that they be broken down and stacked (as delivered) for pickup. Also, all decorations must be removed from the tent before pickup.

Deliveries:

We would like to schedule deliveries between 8-noon and noon-4. We will try to accommodate specific times but that is not always possible. Please be a little flexible.

Dishware, etc.:

All dishware, glassware, flatware, and other food service equipment must be scraped and rinsed before return or pickup. Dishware and glassware must be re-packed in their racks (glassware upside down to drain). Linens must be shaken out and not bagged up wet or left on the ground. And, please, throw out all dish/glass bags!

Thank You!
